

Team Moto-Geezer race team completes third event.

The team comprised mostly of old people recently competed in the Wild West Rally at Pomeroy Washington. Team member Dennis Boone received trophies for both days as the top rider in the "Heavy Motorcycle" class riding his expertly prepared KTM 950 to victory in spite of the flu and a bad rear shock.

Dennis also completed the Idaho Rally last July with another 1<sup>st</sup> place win in the "Heavy Motorcycle" class.

"We are a winning streak that can't be stopped unless someone else shows up to compete against us!" said team member John Marshall.

John Marshall completed the Mount Hood rally last October, he was started in last place due to old age, diabetes, high blood pressure and high cholesterol. Organizers thought because there was an EMT in the sweep truck, this was necessary. He had worked his way up to the middle of the pack during the day but as night time approached, his lack of night vision got the best of him, he bogeyed the last stage causing a drop to last place. "I have them right where I want them!" said John about the upcoming Mount Hood Rally in October. "My game plan is to start slow then taper off." I love passing "Whipper Snappers" who crashed or had flats said John.

John Marshall after passing several younger and more reckless riders.

Next month the team will be traveling to Mount Hood with another rider from Mountain Home, a younger rider named Dan. John Marshall refused to reveal his last name do to the fact he is under 50 years of age and healthy.

Dennis Boone in Training for the next event.

Team Moto-Geezer is looking for members to support their effort to demoralize the younger generation.
